WIRELESS TELECOM ACTION
SOUTHERN CALIFORNIA AREA (REGION 5) RECEIVES APPROVAL
FOR MINOR AMENDMENTS TO ITS PUBLIC SAFETY PLAN
(GENERAL DOCKET NO. 89-97)

By this Public Notice, we announce that the Southern California Area (Region 5) Radio Planning Committee's proposal to amend the Region 5 Public Safety Regional Plan is approved. The amendment revises the current channel allotments for radio frequencies in the 821-824/866-869 MHz bands within the Southern California area. In accordance with the National Public Safety Plan, each region is responsible for planning its use of public safety radio frequency spectrum in the 821-824/866-869 MHz bands.¹ The Region 5 Plan was originally adopted by the Commission on November 8, 1989, Order, General Docket 89-97, 4 FCC Rcd 8352 (1989) and subsequently revised by letter on November 4, 1994, 9 FCC Rcd 6716 (1994), and by Order on February 28, 1995, 10 FCC Rcd 2824 (1995). The Plan was further modified by letter on April 19, 1996 to reflect changes made during a filing window, and again by Public Notice on October 7, 1997 (Report No. WT 97-39) to assign certain frequencies to new users in Region 5.

On November 6, 2000, we released a Public Notice (DA 00-2495) inviting interested parties to file comments regarding a proposed amendment to the Region 5 Plan, filed with the Commission on April 27, 2000, requesting the following modifications to the frequency list:

- Channel 795 – delete Garden Grove and add Orange County
- Add Imperial Irrigation District to Channels 611, 633, 649, 669, 671, 687, 707, 709, 725, 745, 747, 763, 783 and 785.
- Add as fill-in Los Angeles County to Channels 800, 818 and 824.

We received no comments in response to the November 6, 2000 Public Notice. We have reviewed the Region 5 request. The amendment, which is a minor change to the Region 5 Plan, is accepted

¹ *Report and Order*, General Docket No. 87-112, 3 FCC Rcd 905 (1987).

and approved as submitted. The Secretary's office will place the amended Region 5 Plan in the official docket file where it will remain available to the public.

Questions regarding this Public Notice may be directed to Joy Alford, Wireless Telecommunications Bureau (202) 418-0694.
